Gali No.5, Near Shiv Durga Mandir,
Phase-V, Aya Nagar,
New Delhi, Pin:110047

Sub: Your RTI application dated 23.05.2018 regarding instruments/scanners installed at Port.

A. The equipment installed at Mumbai Port Trust is given as under:

1. Mumbai Port has installed Radioactive Detection Equipment (RDE) that monitors the transport of illicit nuclear material at entry/ exit gates of Port.
2. RDE consists of Vehicle Monitoring System, Door Way Monitoring System, Portable Radiation Survey Meter and Isotope Identifiers.
3. RDE is mainly detection device that means to screen containers and pedestrians for the presence of nuclear and radioactive materials.
4. This equipment alerts security personnel by means of audio/visual alarms locally and remotely.
5. A camera which is part of the equipment records the number plate of the vehicle / image of the person in the event of alarm.
6. This equipment is connected to centrally located control room to monitor and maintain the history of the events.

B. It is understood that the container scanner has been installed by Customs Department for checking of containers. You are requested to seek information regarding usefulness & applications of the equipment from the Customs department.
