**Sub : Facility of employing floating cranes with gearless vessels for lighterage operations at Port Lighterage Area (PLA) outer Mumbai Harbour.**

-----

All concerned are hereby informed that lighterage operations of gearless vessels with the use of floating cranes may be carried out henceforth during the fair weather season.

2. Those organizations, which wish to avail of this facility will have to make arrangements for availability of the floating crane which they intend to use. All charges will be at Scale of Rates which have been provided by Tariff Authority of Major Ports (TAMP) as per their latest orders.

3. Where lighterage charges and anchorage are applicable, and where gross tonnage is a factor for assessing dues, the gross tonnage of the floating crane utilized by the gearless vessel will be added to the gross tonnage of the mother vessel while computing charges.

The above notification has been issued in pursuance of TR No.201 dated 22.03.2013.
