Sirs,

Sub : Safety Guidelines for Port Users.

Observance of safety norms is an important issue, as our safety affects the safety of family. It is, therefore, necessary to adhere to the safety norms and guidelines laid down by the statutory authorities.

2. The Safety Officers of the Port have after analyzing the different types of cargo handling processes finalized "Safety Guidelines" for the benefit of the Port Users and Port employees. The "Safety Guidelines" for the Port Users of Mumbai Port is available on Mumbai Port Trust website – www.mumbaiport.gov.in. and the same can be downloaded for the benefit of your members.

3. You are requested to inform your members to refer to the Safety Guidelines which have been meticulously finalized by the Safety Officers of Mumbai Port. It is expected that by reference and compliance to the Safety Guidelines, which has been framed for different types of cargo handling activities, the number of accidents in Mumbai Port shall be reduced to a large extent.

Yours faithfully,

(R.N. SHAIKH)
