

Brief Note on the Mobile App

Functionality:

- The mobile Application for IPA PCS 1x will help PCS deliver the required services in an effective manner remotely
- The PCS1x mobile app is a view only application for providing useful insights to the PCS1x registered user
- The mobile application will enable the user to avoid the trouble of logging on to PCS1x website for updates and notifications.
 - a) Vessel - The Vessel module contains the below functionalities such as:
 - 1) Profile
 - 2) VCN
 - 3) Berthing
 - 4) Pilot Memo
 - 5) VCN Link
 - b) Customs - The Customs module contains the below modules such as:
 - 1) IGM
 - 2) Bill of Entry
 - 3) Out of Charge
 - 4) Shipping Bill
 - 5) LEO
 - c) Finance - The Finance module contains the below modules such as:
 - 1) PD Balance
 - 2) Confirmation of Charges
 - 3) Charges Request
 - 4) Payment Status
 - d) Others
- User Menu - The User menu is accessed by clicking the menu icon (Navigation drawer icon) on the dashboard it contains the below options such as:
 - My Profile: Here the user can view his PCS1x profile details
 - Scanner: This will show the scanner page where the phone camera will be used as a scanner to scan Barcodes and QR codes
 - Rating and Feedback: This menu will allow the user to provide a feedback and rating for the services

Contact Us This menu gives the user an option to send an email to the support email ID or make a call to the helpline

Installation

- The application can be downloaded from Google Play store for free using the link
- To successfully run the app post installation it requires a requires permission such as
 - a) Allow to make Phone call
 - b) Allow to use location
- After the permission is allowed the app is fully configured on device.

Two step Authentication

- The PCS1x mobile app is equipped with a twostep authentication namely the login credentials i.e. the username and password as well as the MPIN.
 - a) User ID and password. Kindly note only registered PCS1x users can utilise the mobile app. a new user has to login to website and register himself. the credentials which allotted to users after successful registration are valid on PCS1x mobile app
 - b) MPIN. After entering user credentials the user will set MPIN. This helps for additional security
