Sir,

Sub : PCS e-payment facility

Indian Port Association (IPA) has implemented e-payment gateway facility for B2B transactions related to e-invoice and e-delivery order. Presently, Shipping Lines / Agencies can upload the basic e-invoice details at PCS Portal, which will notify the receiving party. The e-invoice details will be available only to the concerned parties and it is validated against the GST/PAN/PCS User ID of the recipient. Further, the invoice recipient can use the e-payment services of ICICI bank gateway through PCS Portal, which enables the invoice recipient to make payment to concerned Shipping Lines/ Agencies directly against the e-invoice uploaded.

The e-payment gateway facility comes with all the available payment options and will help Importers/ Custom House Brokers to make payments directly against the invoices.

IPA is also planning to integrate more banks gateways in the near future which will provide an option to invoice recipient to select a suitable payment gateway as per their choice.

All the Shipping Lines/ Agencies are requested to get their collection account details registered with PCS to receive the payments through PCS e-payment services.
