

MUMBAI PORT TRUST

Cruise Terminal in brief

1 Facilities existing in Cruise Terminal :

(I) Berthing Facilities:

- Adequate Bollards & Fenders at berth
- Gangways of various sizes available
- Barricaded berth for enhanced security (ISPS compliance)
- Facilities for loading of provisions/supplies
- Garbage reception facility as per MARPOL

(II) Terminal Facilities:

- Total Terminal area 6000 sq.mtr. However only 2500 sq.mtr used due to fewer vessels calls (low requirement)
- Fully Air-conditioned terminal (2500 sq mtr)
- Information Counter of India Tourism, Customs, Immigration
- Foreign Exchange, Police/ Port Security
- Passenger Lounge
- Duty Free Shop, Handicrafts Shops, Cyber Cafe
- Baggage Handling, Trolleys, Porters
- Parking lots for cars/ buses/ taxis
- Terminal capable of handling two vessels' pax simultaneously (adjoining berth BPS is often used for second cruise vessel)
- Separate baggage drop off and reclaim area
- Crew sign on/ sign off facilities in separate hall

2. Proposed New Cruise Terminal / upgradation of existing terminal
