Sir,

Sub : Preventive measures for removal of unsafe practices/
conditions during cargo handling operations in Docks.

In order to ensure proper measures for preventing unsafe practices/conditions/accidents during cargo handling operations, it is requested to adhere to the following measures.

- (i) All the owners of cargo handling equipment such as Fork Lift Truck / Mobile Cranes shall ensure that their operators and supervisors who look after the cargo operations (or authorize person) are given safety training depending upon their nature of work and skill required for performing their duties in safe manner.
- (ii) The operator should ensure that the load is not exceeding the rated capacity/load chart of the equipment.
- (iii) Two Fork Lift Trucks should be engaged to handle a 40ft long load of steel plates / sheets for safe handling operation.
- (iv) The supervisors of the owners/operators of fork lift truck shall critically observe the operation to prevent unsafe practice of overloading an equipment.

2. You are requested to give wide publicity amongst your members for compliance of the above safety measures.

(A.S.SENGAR)

Sr. Asstt. Traffic Manager
Operation Docks
