**1976**

**BOMBAY PORT TRUST DOCKS.**  
**Warehouse By-Laws.**

**Made by the Trustees of the Port of Mumbai under Section 123 of  
Major Port Trusts Act, 1963, with regard to Warehousing of Goods in  
Port Trust Warehouses, Granting Warrants for Goods, and other  
Cognate Matters.**

1. Non-hazardous goods only will be received in the Trustees' Warehouses.

Any person desiring to warehouse any non-hazardous goods, whether dutiable or free, will be required to submit an application (Form I Appendix 'A') with particulars correctly filled in together with duty Bills, invoices etc. In this application, he should specifically declare whether or not any of the goods, which he is desirous of warehousing fall within the class and description of the goods appearing in Appendix 'L' in these Bye-laws.

On receipt of such application and if the goods can be accommodated, an acknowledgment therefore will be passed (Form 2 Appendix 'B') and the goods will thereafter be received and warehoused at the rates laid down in the scale of charges in force in that behalf.

2. Hazardous goods will be held to include all classes of goods of a dangerous nature, vide Appendix G.

3. ( Deleted vide T. R. No. 96 of 1926. )

4. Packages containing property of considerable value will only be accepted for storage by special arrangement and then only provided that they are adequately sealed to the satisfaction of the Dock Officials concerned.

5. The Trustees will accept no liability or responsibility whatsoever for loss of or damage to goods accepted for storage in the open spaces adjoining the warehouses.

6. The Trustees reserve the right to refuse for storage in their warehouses any goods which are so badly damaged or packed as to be unfit for storage in the body of the warehouses; also any goods which from their nature are likely to cause damage to other merchandise in their proximity.

7. When goods are placed in the open with the consent of the warehouse's. the warehousing application ( Form I, Appendix A ), acknowledgement of application ( Form 2, Appendix B ) and receipt ( Form 5, Appendix E ) covering the goods will be stamped with a rubber stamp as follows:—

The within mentioned packages have been placed in the open at warehouse's risk. If it is desired to have them placed under cover to obviate damage by rain, special application must be submitted in writing to the Docks Manager at least one month before the break of the monsoon when covered storage will be provided, as space becomes available. Removal to be effected by the warehouse at his own cost.

8. Goods may also be warehoused under "warrant" in which case a second application (Form 3, Appendix C) together with a warrant (Form 4, Appendix D) must accompany the original application for warehousing. Such goods will thereafter be known as "Warrant goods" and goods lodged without issue of warrant as "non-warrant goods".

9. Warehouses, as may be notified by the Trustees from time to time, will be set apart exclusively for piece-goods, yarns or other textile fabrics (excluding gunnies and hessians) in original bales and cases and metals. In case of there not being room in these specially reserved warehouses for goods of the class for which they are reserved, the owner or consignee, on putting in a warehousing application, will be informed that his goods will be placed in the warehouses for general non-hazardous merchandise by an endorsement in red, stamped on the face of the acknowledgement granted for the application (Form 2, Appendix B) before his goods are received.

10. For "warrant goods" stamped warrants will be issued on (Form 4 Appendix D), and for "non-warrant goods" a receipt will be granted on (Form 5, Appendix E). Warrant forms duly stamped will be furnished by the warehouse.

11. "Non-warrant goods" will be delivered in whole or in part according to written delivery orders (Form 7, Appendix H) from the holders.

12. "Non-warrant goods" will be transferred from any one depositor to another on a written authority form; the original depositor, and on payment of all warehouse charges due to date of transfer. In such cases re-warehousing application must be submitted when the goods will be transferred and a fresh receipt (Form 5, Appendix E.) issued in the name of the transferee.

13. "Non-warrant goods" once transferred to another party will only be delivered upon delivery orders signed by the transferee, who can, however, also transfer to a third party and so on, the last transferee being always considered the holder of the goods.

14. Warrants will be transferable by endorsement without production of the warrants to the Trustees

15. Goods covered by a warrant cannot be delivered without production and delivery of the warrant.

16. Proprietor of goods may pay rent and incidental charges on goods covered by warrant upto any desired date and have new warrant issued.

17. Warrants will be made out for such quantities of goods as may be convenient to importers, provided that the lotting operations have been satisfactorily completed beforehand.

18. Should the delivery of the whole contents of a warrant be directed and the goods not be removed within two days. a new warrant for the remainder of the goods incurring rent from the date of return of the original warrant must be taken out.

19. When the holders of warrants are desirous of assigning part contents without delivery, re-weighing, re-housing & c., new documents may be obtained in exchange for the originals duly endorsed. "The endorsement should specially direct the manner in which the contents are to be divided and state the names of the parties in whose favour the warrants are to be issued in the following form :—

"Please to divide the within" or ( when part is to be delivered ) "Deliver to bearer ( state how many packages ) , and grant new, one for ( state how many packages ) in favour of one for" etc.

20. If desired by the holders warrants may be exchanged or divided without assigning the goods.

21. In the event of warrants being lost or mislaid, duplicate will be issued on application, but an engagement by the owners and a substantial surety (in Form 6 appended), to indemnify the Port Trust in case of any claim being made on the original documents; must accompany the application; the loss of the warrants must also be advertised once at least in two English and two Regional local newspapers.

22. No duplicate warrants will be issued until seven clear days from advertisement of loss in the newspapers have elapsed.

23. On notice of loss of any warrants being given, the goods covered will be at once stopped until either duplicate are issued or the missing warrants are produced.

24. After duplicate warrants have been once issued, the originals, if produced, will not be acted upon.

25. A charge of one rupee will be made for every duplicate warrant issued.

26. Irregularities in endorsements on warrants must be carefully avoided by holders, as they not only lessen the security of the proprietors

of goods and render the warrants incomplete as authorities, but also give rise to impediments in the regular despatch of business.

27. No unauthorised or irregular endorsement on warrants will be accepted or acted upon.

28. Part contents of goods specified in a warrant cannot be delivered unless the warrant is returned and fresh documents taken out for the balance.

29. Rent for all goods deposited in the Trustees' Warehouses will be charged per week, and part of a week will be charged as a whole week. Rent in respect of goods removed by the consignee will commence to run from the date of application. In every case the rent will be assessed on the entire quantity of goods specified in the application.

30. In cases of goods transferred from one party to another, rent will commence for a fresh week from the date of transfer, the same as when a deposit is made, no abatement of rent for any un-expired portion of a week will be made to the transferer, the operation of transfer being considered in the same light as a delivery.

31. Goods placed in the warehouse will remain at the risk and expense of the depositors until a receipt or warrant be granted.

32. In the event of any goods deposited in a warehouse becoming in a rotten, putrid, damaged or leaking condition, the Docks Manager may require the owner or depositor thereof to forthwith cause the said goods to be removed and if such owner or depositor as the case may be, shall on being so required refuse or neglect, for the space of seven days after notice, to remove such goods, then the removal and disposal of such goods may be effected in such manner as the Docks Manager may think fit, and he may if he thinks necessary, cause the said goods to be destroyed, and the owner or depositor thereof, as the case may be, shall, within forty eight hours after demand in writing, pay to the Trustees all the costs and expenses attending or occasioned by such removal and destruction and of such cleaning, purifying or disinfecting the place of storage as may be considered desirable, and shall be further liable to the penalty prescribed under the Major Port Trusts Act.

33. Goods once taken delivery of by owners under a clear receipt and not removed forthwith from the warehouse premises will remain at the risk and the expense of owners, and no responsibility in connection therewith will rest with the Trustees.

34. The Trustees will not be answerable for any damage or loss suffered by merchandise while in the Trust warehouses in such damage or loss be the result of natural or unavoidable causes. Responsibility will only be admitted when the damage or loss has been in

consequence of want of proper care or attention on the part of the Trustees and provided that such damage, loss or deficiency is ascertained, pointed out and acknowledged by Docks Manager prior to the removal of the goods from warehouse premises.

35. The Trustees will not be responsible for contents of packages when the outward condition on delivery is the same as when the packages were first received into the warehouse. Qualified receipt will be passed for all packages in a damaged or doubtful condition.

36. Permission will be given for the opening of packages for appraisement, surveys, extracting of samples etc, but all packages so opened, without their condition having been questioned will be considered as taken delivery of, and no claim for damage subsequently discovered will be allowed.

37. Packages that have been once opened will lie in the warehouse at the risk of the owner.

38. As a principle, no non-warrant goods will be delivered until all rents and charges due in respect of them be fully paid up, but this rule may be relaxed for the convenience of merchants having monthly transaction and accounts at the warehouse.

39. When charges for goods in the warehouses are made by bills, such charges must be paid within two months after presentation of the bills, in case of non-payment of charges within the two months, the Trustees shall have the right to stop delivery of all goods in the warehouses standing in the names of the parties owing any rents or other warehousing charges until full settlement be effected.

40. Working hours in the warehouses shall be from 8 a.m. to 12 noon and from 1 p.m. to 5 p.m. (S.T.) except on Sunday and such Holidays as may be notified by the Trustees from time to time.

Note:—Deliveries of Bond cargo for shipment at the Docks and Bunders will cease at 4 p. m.

### **Appendix 'I'**

Ware house rent on Duty paid goods stored on the Board's premises set apart for such goods and on goods Bonded under Section 60 of the Customs Act, 1962 (Section III-c(1)) and (3) of the Docks Scale of Rates:-

Ware house rent on non-hazardous goods per square metre for every week or part thereof.

How Stored	Upto 4 weeks (Rs.)	From 5 to 12 weeks (Rs.)	Beyond 12 weeks (Rs.)
In open	3.50	7.00	10.50
In Shed	4.00	7.50	11.00

Note – The charges prescribed above are subject to the minimum calculated as for 5 sq. mtr for each consignment.

#### MISCELLANEOUS CHARGES :

Sr. No.	Item	Per	Rs. P.
1	For opening packages Motor Car Machinery Packages of other kind	Packages “ “ “	1.00 0.53 0.16
2	Rebagging and recovering or repackaging	Bag or packages	0.16
3	Scale Rent	Day or Part thereof	3.00
4	Certificate of Weight or Measurement	Sheet	3.00
5	Duplicate Chappas	Each	0.53
6	Sunday or Holiday Work	Each warehouse per day Each warehouse per holiday	60.00 40.00
7	Verifying Stock list	Each	20.00

### **Appendix 'J'**

Warehouse rent on Duty Paid goods (hazardous) stored on the Board's premises set apart for such goods and on goods (hazardous) bonded under Section 60 of the Customs Act 1962; Rate per square meter for every week or part thereof.

(Section III C (2) of the Docks Scale of Rates)

How Stored	Upto 4 weeks (Rs.)	From 5 to 12 weeks (Rs.)	Beyond 12 weeks (Rs.)
In open	7.00	14.00	21.00
In Shed	8.00	15.00	22.00

**Appendix 'K'**

Warehouse rent on goods stored under section 46 of Customs Act 1962

(Section III -D of the Docks Scale of Rates)

For storage upto the expiry of the 12 <sup>th</sup> week from the date of receipt of goods in the warehouse	At the rates prescribed in the schedules under section III c (1) & (2) of the Docks Scale of Rates.
---	---

Notes -

- (1) Demurrage charges under section III of the Dock scale of rates or rental charges at the rate prescribed under section III c(1) & (2), whichever is higher, will be levied from the date of noting of the Bill of Entry for Home Consumption or on the expiry of the 12<sup>th</sup> week from the date of receipt of the goods in warehouse, whichever is earlier.
- (2) The above charges are subject to a minimum calculated as for 5 sq mt for each consignment.

## Appendix 'L'

Alkaloids	Poisonous and their salts
Aniline	(Aniline Oil, Phenylamine; Aminobenzene)
Aniline	Dihydrochloride (Aniline Chloride, Aniline Salt) Antimony Lactate
Antimonyl	Potassium Tartarate (Tartar Emetic)
Antimony	Sulphide
Arsenic	Acid, Liquid
Arsenic	Acid, Solid
Arsenic	Bromide
Arsenic	Compounds, Liquid not otherwise specified including Arsenate, Arsenites, sulphides and Organic Compounds of Arsenic.
Arsenic	Compounds, Solid not otherwise specified including Arsenates, Arsenites, Sulphides and Organic Compounds of Arsenic.
Arsenic	Metal
Arsenic	Pentoxide
Arsenic	Trichloride (Arsenic Chloride Arsenious Chloride, Butter of Arsenic, Caustic Arsenic Chloride, Canotic oil of Arsenic Fuming Liquid Arsenic)
Arsenic	Trioxide (White Arsenic)
Arsenical	Dust (Arsenical Fluo Dust)
Aconite	
Alpha-naphthylthiourea	
Ammonia	except substances containing less than 5 p.c. weight in weight of ammonia and except which contained in smelling salt
Antimony	compounds of antimony both organic and inorganic
Arsenic	Arsenic yellow, red arsenic copper arsenite, copper acetoarsenite (Paris green) calcium arsenate, calcium arsenite, copper arsenate, potassium arsenite, sodium arsenate, sodium arsenite, sodium thioarsenite, arsenical solution and acid solution of arsenic
Accelerenc	Ammonium Bifluoride, Ammonium Fluoride
Ammonium	Picrate-Wet containing not less than 33 1/3% of wet weight.
Antimony Oxide	
Arsenicals	(all compounds containing Arsenic to such proportion as to make it toxic.)
Barium	Compounds not otherwise specified excluding Barium Sulphate
Barium	Cyanide
Beryllium	Compounds
Berium	Salts of except Barium Sulphate Belladonna and all preparations and admixtures containing Belladonna except Belladonna plasters and substances containing less than

	0.15 p.c. of the alkaloids of Belladonna calculated as Hyoscyanine.
Barium	Arsenite
Barium	Carbonate
Barium	Chloride
Benzene	Hexachloride
Bleaching	Powder
Bromine	
Bromine	Solutions
Brucine	
Cacodylic	Acid (Dimethylarsinic Acid)
Calcium	Cyanide
Choloropodinitrobenzene	(Dintrochlorobenzene)
Chloropiorin	(Trichloronitromethane)
Copper	Cyanide
Cyanides	not otherwise specified, not including Ferricyanides and Ferrocyanides.
Cannabis	Indica
Chloro	dinitrobenzene
Chloroform	except substances containing less than 10% of chloroform
Chloro	nitrobenzene (ortho-chloronitrobenzene, meta-chloronitrobenzene, para-chloronitrobenzene)
Chloro ortho	toluidine
Chrysophanic acid	
Cocaulus	indicus (Kakamari)
Creosote	except substances containing less than 50% weight in weight of creosete.
Croton	Oil and seeds of
Cupric	aceate (verdigris)
Cyanide	of potassium Cyanide of Sodium and Cyanide of Calcium Hydrogen cyanide and liquid Hydra cyanic acid.
Calcium	Azido solution – not exceeding 20%
Calcium	Hypochlorite
Carbon	Tetrachloride
Chloropiorin	
Cobalt	Acetate
O-Dichlorobenzene	
P-Dichlorobenzene	
Dichloromethane	(Methylane chloride)
Diethyl Sulphate	(Ehtyl Sulphate)
Dimethyl Sulphate	(Methly Sulphate)
Dinitrobenzenes	(e.g. Metadinitrobenzene)
Di-nitro-ortho-cresol	
Dinitrotoluenes,	Liquid
Disinfectants	if containing a substantial proportion of poisonous substances according to the hazard of the active constituents.

Datura seeds and leaves of (stramonium) all preparations and admixtures containing datura except substances containing less than 0.15 per cent of the alkaloids of Datura calculated as Hyodoyamine.

Digitalis folia

Dinitrocrespl, their compounds with a metal or base

Dinitrotoluenes

Dinosam, its compounds with a metal or base

Dinitronaphthols, dinitrophenols substituted dinitrophenols and dinitrothymols.

Dinoseb, its compounds with a metal or base

Di-nitro-Auiline

Di-Nitro-Benzol

Di-nitro-Chloro Benzol

Di-nitro-ortho creasolate

Di-nitro-ortho phenol

Di-nitro-ortho phenolate

Di-nitro-Resorcinol

Endrin

Ergot (the sclerotia of any species or claviceps)

Ethoxy Mercury Phosphate

Ethoxy Ethyl Mercury chloride

Ethyl Mercury chloride

Fungicides (according to the hazard of the active constituent)

Formaldehyale, except substances containing less than 5 p.c. weight of formaldehrda

Formic Acid

Folidol

Glydote

Haloganated irritating liquid substances (i.e Methyl Bromoacetone)

Hydrocyanic Acid solutions not exceeding 4 p.c. of Hydrocyanic acid by weight Hydrogen cyanide, Anhydrons, stabilized (Hydrocyanic Acid, prussic acid)

Heptachlor

Hydrocyanic acid, except substances containing less than 0.1 p.c. weight in weight of Hydrocyanic acid

Hydrochloric acid, except substances containing less than 9 p.c. weight in weight of Hydrochloric acid.

Hydrofluoric acid, potassium fluoride, sodium floride sodium silicofluoride.

Hyoscyamus (Hendane or Khurasani Ajvayan) Leaves

Insecticides, Solid under compressed Gas, or liquid having a flash point over 65.6°c.

Lead	Arsenate
Lead	Aresnite
Lead	Cyanide
Lead	Aceate, compounds of lead with acids from fixed oils
Lead	tetra Ethyl
Mercury	
Mercuric	chloride
	sublimate, Mercury Bichloride
Mercuric	Nitrate
Mercurous	Nitrate
Mercurous	Sulphate
Mercury	Acetate
Mercury	Ammonium Chloride
Mercury	Benzoate
Mercury	Bisulphate
Mercury	Bromide
Mercury	compounds not otherwise specified excepting Mercurous Chloride
Mercury	Cyanide
Mercury	Gluconate
Mercury	Nucleate (Mercuriol)
Mercury	Cleate
Mercury	Oxide
Mercury	Oxeyanide
Mercury	Potassium Iodide (except substances containing less than 2% weight in weight of mercuric iodide)
Mercury	Salicyalate
Mercury	Sulphate
Mercury	Thiocyanate
Motor	Fuel Anti – Knock compounds-(Ethyl Fluid)
Marketing	Nut (fruit of Samicarpus anacardium also known as Bhilawa)
Mercuric	Iodite except substances containing less than 2 p.c weight in weight of mercuric iodide.
Mercury	organic compounds of except substances containing less than the equivalent of 0.20 p.c. in weight of mercury (HG)
Mercuric	sulphocynide
Methanol	
Methyl	Bromide
Mirbane	Oil
Naphtylurea	
Nickel	Cyanide
Nicotine	
Nicotine	compounds and preparations thereof, not otherwise specified.

Nicotine	Salicylate
Nicotine	Sulphate, solid or in solution
Nicotine	Tartarate
Nitroaniline	(Paranitroaniline)
Nitrobenzene	(Nitrobenzol, Mirabane Oil)
Nitrotoluene	(ortho-para-nitrotoluene)
Nitric Acid,	except substances containing less than a p.c. weight in weight of Nitric Acid
Nitrophenols	(Ortho – Meta, or para)
Nux Vomica	seeds of preparations or admixtures containing Nux Vomica, except substances containing less than 0.2 p.c. weight in weight of alkaloids of Nux Vomica.
Nitro So	Dimethyl Aniline
Natrium	Arsenite
Neozone	
Oxalic Acid,	Sodium Oxalate, Potassium Oxalate, ammonium oxalate and other metallic oxalates.
Oxalic salts	
Ortho Touldine	
Opium	all preparations and admixtures containing opium except substances containing less than 0.2 p.c. of morphine calculated as anhydrous morphine.
Parathion and mixtures	Solid, liquid or under compressed gas (Diethyl-p-nitro phenylthiophosphates) pentachloroethane, pentachloro phenol
Phenol	(any member of the series of phenols of which the first member is phenol and of which the molecular composition varies from member to member by one atom of carbon and two atoms of hydrogen) except substances containing less than 60 p.c. weight in weight of phenol, compounds of phenol with a metal except substances containing less than the equivalent of 60 p.c. weight in weight of phenol
Phenyl	Mercury Acetate
Phenyl	Mercury Chloride
Phenyl	Mercury Urea
Phenylene	diamines, toluene diamines, other alkylated benzene diamines, their salts
Phosphorus	Yellow
Phosphorus compounds, the following :-	Dementon, methyl demeton, Hexa-ethyl-tetra-phosphate (HETP) Tetra ethyl pyrophosphorothionate Pyrophosphate (TEPP) U.O. (sulfatepp) octamethylphosphorodiamide anhydride (MPA or schradan)parathion methyl parathion.

Poppy all preparations of except and poppy petals.  
 Potassium Hydroxide, except substances containing less than 12 p.c. weight in weight of potassium hydroxide.  
 M-Phybylenediamine (Metaphenylenediamine)  
 Potassium Arsenate  
 Potassium Bifluouride  
 Potassium Arsenite  
 Potassium Flouride  
 Potassium Cuprocyanide  
 Potassium Hypochloride  
 Potassium Cyanide

Para-nitro phenol  
 Para Nitro sodimethyl aniline  
 Perchloroethylene  
 Pherylenediamine  
 Phenyl hydranine  
 Phosgine  
 Pictic Acid  
 Pyro Gallic Acid  
 Rodenticides  
 Red Lead (Lead Oxide Red)  
 Sheep Dip (according to the chief Hazardous constituents)  
 Silver Cyanide  
 Sodium Cyanide  
 Sodium Hydroxide, except substances containing less than 12 per cent weight in weight of Sodium Hydroxide  
 Sodium monofloroacetate  
 Sodium Nitrite  
 Strammomium  
 Sulphuric acid, except substances containing less than 9 p.c. weight in weight of sulphuric acid.  
 Santobrite Neutral Powder  
 Sodium Arsenite  
 Sodium Azide  
 Sodium bifluoride  
 Sodium dinitro orthocresolate  
 Sodium fluoride  
 Sodium hydroxide  
 Sodium hypochloride  
 Sodium penta chloro phenate  
 Sodium penta chloro phenyl  
 Sodium silico fluoride  
 Sulphur dioxide  
 Tetrachloroethane (cetylene tetrachloride)

Tetraethyl lead (lead tetraethyl)  
 Thallium compounds

Trichloroethylene  
Tartar emetic except preparations containing less than 1 p.c. of tartar  
emetic  
Tetraethyl lead  
Thallium, salt of  
Tri-orthocresyl phosphate  
Tear gas – Tetraethyl pyrophosphate  
Thallium sulphate  
Thio glycollic acid  
Triethylenetriamine  
Triethylamine  
Trilene  
Tri-nitrophenyl  
Warfarin  
White lead (lead carbonate)  
Westron westrosol  
Xylidine  
Xylyl bromide  
Zinc cyanide  
Zinc phosphide  
Zinc chloride
